

AISM (QSI)

Ask about our Preschool Class

2026-2027

Next school year, AISM will offer a full-day preschool program designed for 3- and 4-year-old children.

The program will provide children with a variety of play-related and hands-on experiences aimed at fostering learning readiness, enhancing physical coordination, and nurturing the social skills necessary for success in a classroom setting. Our approach places a strong emphasis on developing self-confidence and self-esteem, as well as encouraging a natural excitement for learning.
